25X1 1. [ ] Talked with Senator Margaret Chase Smith  
25X1 by telephone and arranged to meet with her at 2:00 P.M., tomorrow to  
discuss her request for information on [ ]

25X1 25X1 2. [ ] [ ] called concerning a report  
which will be given to the Joint Committee on Atomic Energy by the  
Department of Defense on the results of an investigation of an unauthorized  
25X1 disclosure of Restricted Data information. [ ] and I agreed  
that DOD could state to the Joint Committee that in connection with this  
investigation CIA interviewed 78 individuals and that no information was  
developed concerning the source of the leak.

25X1 3. [ ] Miss Scott, in the office of Senator  
Margaret Chase Smith, called and asked if we had any information on an  
organization known as the Package Express and Travel Agency, Inc., 73  
2nd Avenue, New York City, which claims to guarantee delivery of packages  
and mail in the Soviet Union and Bloc countries. I told Miss Scott that this  
Agency did not maintain information on U.S. firms and that her inquiry  
should more properly be directed to the FBI, State or perhaps the Depart-  
ment of Commerce. However, I indicated I would query some of our people  
to see if they had any information on this company's activities abroad.

25X1 4. [ ] Mr. Cramer, Bureau of the Budget,  
called and gave verbal clearance to our report on S. 2726, a bill to provide  
for the establishment of a Citizens' Council for the Spread of Freedom.

25X1 5. [ ] [ ] OSI, called to say that 25X1  
George Bunn, in the Arms Control and Disarmament Agency, had been in 25X1  
touch with him concerning proposed appearances by ACDA before the Joint  
Committee on Atomic Energy. He said ACDA would be discussing the United  
States' improved capability [ ]  
that this information was fairly straightforward. However, ACDA is concerned  
about the possibility of questions involving intelligence capability to support  
unilateral policy decisions in support of on-sight inspections. ACDA has  
asked that the Agency do either one of the following: brief the ACDA witness  
on what to say in response to such a question, or provide a CIA witness to

accompany ACDA to the hearing to discuss this matter. I told [ ] that I thought the Agency would not want to do either of these and suggested that if a question involving intelligence information is raised exceeding the area of ACDA's responsibility, that ACDA respond to the effect that this is a matter within the purview of the Director of Central Intelligence and suggest that possibly the question may be raised with him at his annual briefing of the Joint Committee. [ ] agreed with our position that we should not comply with either of ACDA's alternatives and after talking with the DD/I went back to ACDA with our suggestion.
